Thanks to constant technical updating and the use of advanced methodologies, the company produces high-performance systems oriented towards the highest quality.

TEACO TRANSFORMS EVERY INNOVATION  
IN GROWTH OPPORTUNITIES  
AND DEVELOPMENT

TEACO

# STRUCTURE AND SKILLS

In both the electrical and mechanical divisions, **TEACO operates with particular attention to technological innovation** and with constant respect for the environment and the Health.

We design and build plants using state-of-the-art equipment and highly qualified staff, offering solutions to a large and diverse clientele sified in the hospital, residential, tertiary, industrial and hotel sectors.

INTEGRATION BETWEEN SYSTEMS  
ELECTRICAL AND MECHANICAL REPRESENTS  
A CONCRETE VALUE

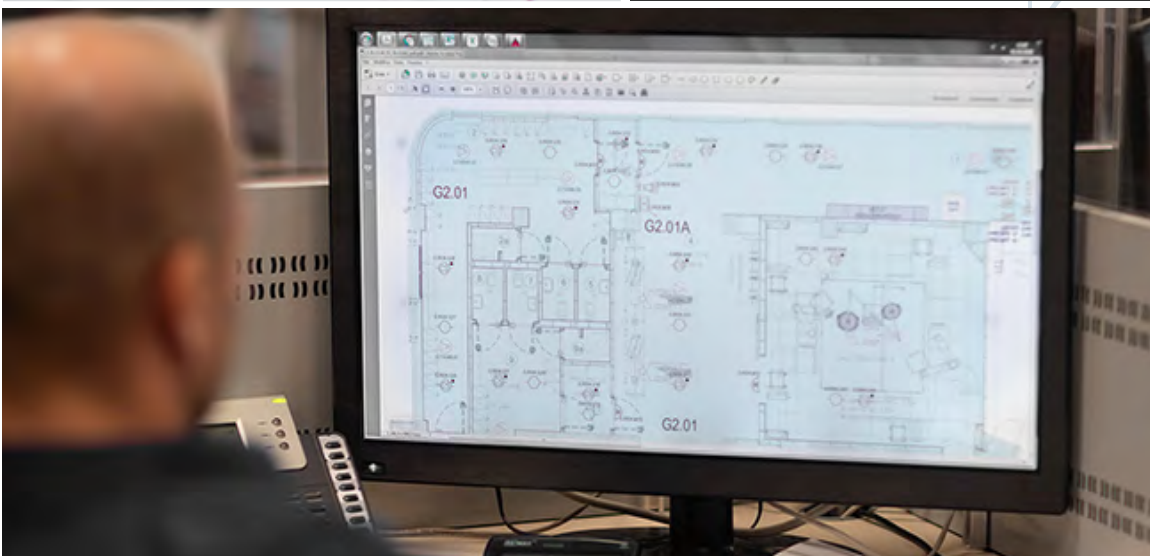

Each project is entrusted to our Technical Office, a central element of the company structure. A team of professionals analyzes every need, developing complete and carefully curated solutions in every detail.

From design to technical definition, working drawings are drawn up, economic evaluations, implementation timelines and plant management plans, ensuring technologically advanced and effective solutions.

Sensitivity to environmental issues and the protection of health and safety in workplaces represent fundamental values, which guide every activity and strengthen the reliability of TEACO in the contexts in which it operates.

OVER THE YEARS,  
TEACO ACHIEVED  
UNI CERTIFICATIONS,  
AS TESTIMONY TO A  
CONSTANT  
COMMITMENT  
TOWARDS QUALITY,  
SECURITY  
AND RESPECT  
OF THE ENVIRONMENT

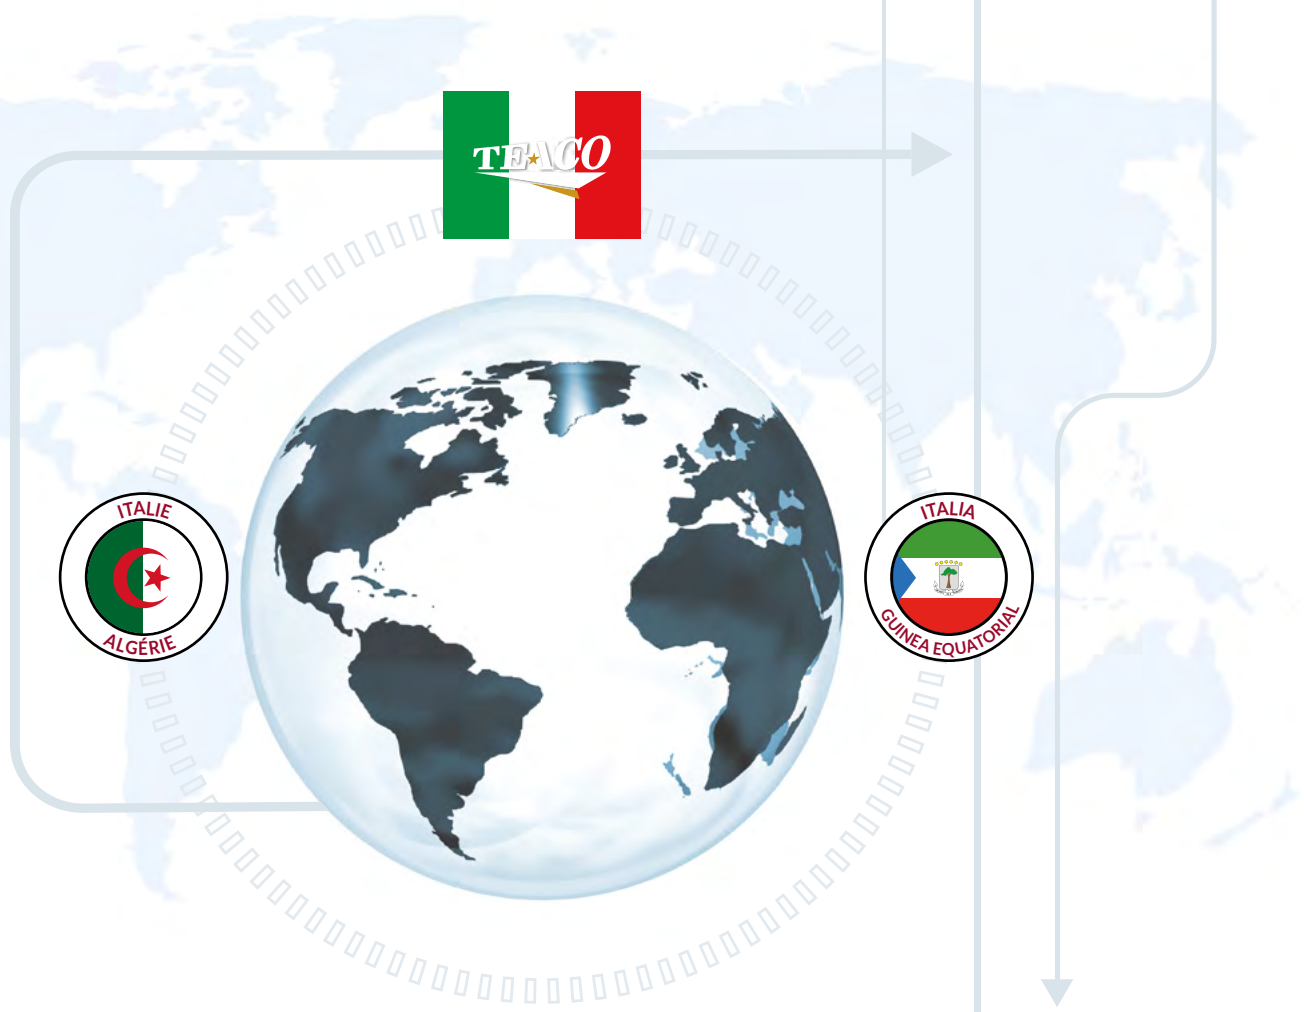

TEACO

# TEACO IN THE WORLD

From 2024 TEACO will expand its international horizon with the opening of two new locations: one in Algeria and one in Equatorial Guinea. Two entirely Italian companies, created to bring expertise, quality and know-how in their respective territories.

An important step that represents a source of pride for the company, confirming the desire to grow and increasingly establish oneself as a protagonist in the panorama international.

CONCRETE GROWTH  
LOOKING TO THE FUTURE  
WITH AMBITION AND SOLIDITY

TEACO

# TEACO MAGHREB

TEACO has developed a strong international vocation, which has led it to enter with determination in the Algerian market through the creation of TEACO Maghreb, wholly owned company.

**INTERNATIONAL DEVELOPMENT AS A RESPONSE  
DYNAMIC, TO OPPORTUNITIES OF A CONSTANTLY  
EVOLVING MARKET AND CONTINUED EXPANSION**

A presence that represents the will to proudly bring to the world the professionalism, know-how and the distinctive values of Italian companies.

Led by a young and dynamic team, TEACO Maghreb takes on this new challenge with the aim of establishing standards of excellence and consolidating presence of the group in an ever-changing international context.

TEACO

# TEACO EQUATORIAL GUINEA

As part of its international growth path, TEACO has launched a new branch in Equatorial Guinea, marking a further step in the process of business expansion to strategic markets with high development potential.

The new reality, wholly owned is the expression of know-how and of the TEACO organization. It transfers the same quality standards to the territory, reliability and competence that have always distinguished the company.

THE OPERATION SHE WAS BORN RIGHT AWAY WITH THE OPENING OF NEW CONSTRUCTION SITES AND THE START OF IMPORTANT ACTIVITY

TEACO

# THE CUSTOMER AT THE CENTER

Particular attention is paid to the customer, with a listening-oriented approach, to understanding of specific needs and building tailored solutions, ensuring reliability, continuity and support at every stage of the project.

A single interlocutor for works management ensures rapid decision-making and a more effective management, making the resolution of every need immediate.

EXPERIENCE AND STRATEGIC VISION,  
WITH A EXCELLENCE-ORIENTED APPROACH

TEACO LOOKS TO THE FUTURE WITH THE AIM OF  
CONTINUE TO GROW AT THE LEVEL  
INTERNATIONAL, MAINTAINING BALANCES  
THEIR OWN VALUES AND BRINGING  
ITALIAN EXCELLENCE IN NEW MARKETS
